PREFACE

First of all, the researcher would like to thank Allah SWT for the blessings and mercy. He gave the researcher power to finish this thesis entitled "The Use of English Songs to Improve Young Learners' Vocabulary Mastery".

This thesis focuses on improving students' vocabulary mastery. It was written to make the readers know about the use of songs in learning English. The use of English songs in the process of learning a foreign language is very helpful for young learners to enrich their vocabulary lists.

Hopefully, this thesis gives information on using an English song to increase the English skills of young learners. The researcher would like to say thank you to those who have fully contributed to writing this thesis. This thesis is far from perfectness, therefore researchers need criticism and suggestions to make it better.
