PREVACE

Thanks to Allah for all His blessings and loves. He gave me power to finish my thesis

My thesis focuses on mastery vocabularies of adjective, noun and verb, and increase ability in prononciation after the swatter game was giving. This thesis is written to make the readers understand about the use of fly swatter game to increase vocabulary ability. The implementation of swatter game in teaching and learning vocabulary has a positive impact for students in increasing desire to learn the vocabulary, in this case the researcher used Fly Swatter Game.

Besides, one of the reasons to conduct this research is intend to know "how can the use fly swatter game improve students' vocabulary ability of the eight grade students' at SMP Negeri 2 Ambulu in academic year 2019/2020?"

It will hopefully give the information of using fly swatter game to improve the students' mastery vocabulary. This thesis will also become consideration for the English teachers to use fly swatter game in the teaching and learning process at the school. The researcher realizes that this thesis has weakness and the correction is hoped.
