Judul : Peran Pemerintah Desa Dalam Meningkatkan Ekonomi Pelaku Petani Mawar Pada Masa Pandemi COVID-19 Di Desa Karangpring Kecamatan Sukorambi Kabupaten Jember.

Peran pemerintah saat ini sedang banyak dibutuhkan oleh masyarakat karena dimulai dari akhir 2019 bencana alam menyerang Indonesia bahkan seluruh dunia. oleh sebab itu terutama di desa karangpring kecamatan sukorambi kabupaten jember saat ini butuh peran pemerintah terutama di bidang pertanian, pertanian yang dimaksud yaitu petani mawar, adanya COVID-19 ini banyak petani yang terdampak sehingga peran pemerintah desa memfasilitasi pemberdayaan melalui bantuan lahan bengkok. Tujuan penelitian ini seberapa berjalan peran pemerintah desa yang dilakukan saat ini sehingga kita paham peran apa saja yang dilakukan. Metode penelitian ini yaitu kualitatif dengan pendekatan secara deskriptif. Pemanfaatan lahan tanah bengkok oleh pemerintah Desa Karangpring dijadikan sebagai lahan pertanian Petani Mawar. pemerintah sudah berperan baik dalam memberikan pendidikan, pelatihan dan keterampilan kepada para petani mawar di Desa Karangpring. Hal tersebut dibuktikan dengan petani yang menyatakan bahwa pemerintah telah banyak memberikan pengetahuan dan pelatihan kepada masyarakat khususnya petani sendiri dari mulai awal penanaman hingga pengolahan hasil menjadi beraneka ragam produk inovasi bunga mawar, sehingga budidaya mawar di Desa Karangpring saat ini telah mengalami perkembangan dan perkembangan ekonomi membaik.

Title : *The Role of the Village Government in Improving the Economy of Rose Farmers During the COVID-19 Pandemic in Karangpring Village, Sukorambi District, Jember Regency.*

The role of the government is currently being needed by the community because starting at the end of 2019 natural disasters have attacked Indonesia and even the whole world. Therefore, especially in Karangpring Village, Sukorambi Sub-district, Jember Regency, the government currently needs the role of the government, especially in agriculture, the agriculture in question is rose farmers, because of COVID-19, many farmers have been affected, so the role of the village government is to facilitate empowerment through crooked land assistance. The purpose of this research is how well the role of the village government is currently being carried out so that we understand what roles are being carried out. This research method is qualitative with a descriptive approach. The use of crooked land by the Karangpring Village government is used as agricultural land for Mawar Farmers. the government has played a good role in providing education, training and skills to rose farmers in Karangpring Village. This is evidenced by farmers who state that the government has provided a lot of knowledge and training to the community, especially the farmers themselves from the beginning of planting to processing the results into a variety of rose flower innovation products, so that rose cultivation in Karangpring Village is currently experiencing development and improving economic development. .
