PREFACE

Thanks to Allah for all His blessing and loves. He gave power to finish my thesis.

My thesis focuses on English word. This thesis is written to make the readers understand about the application of Dictation Technique to improve the students' writing English word in descriptive text. Writing activity has an important contribution to students. But there were some problems faced by the students in writing English word. In this case, the researcher used Dictation Technique to solve their problem.

It may hopefully provide beneficial teaching input for the teacher to apply a sufficient teaching strategy to improve their writing English word. I realize that this thesis has weakness and the correction is hoped.
