PREFACE

First of all, thanks to Allah SWT, because with Allah's help, the researcher finished writing a thesis entitled A Descriptive Study on the Implementation of Peer Feedback in the EFL Writing Class.

The purpose of writing this thesis is to make the readers know that using a peer feedback strategy can contribute to the revision of students' writing in narrative texts. This thesis is expected to be a teaching material for teachers to be able to improve the ability of their students to express their ideas in writing in order to achieve learning objectives, not only teachers, but students are also expected to play an active role so that learning becomes optimal.

I would like to thank all those who have helped in the process of writing this thesis. May Allah reward all who help and all of you. I realize that this thesis is still not perfect both in terms of structure and content. The writer hopes that the criticism from the readers can help the writer in perfecting the next paper.
