SCOPE

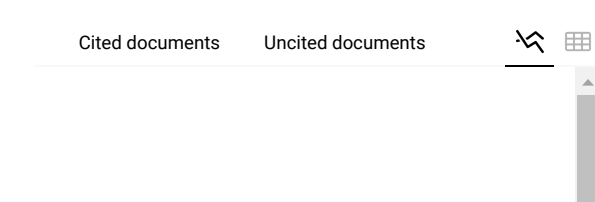

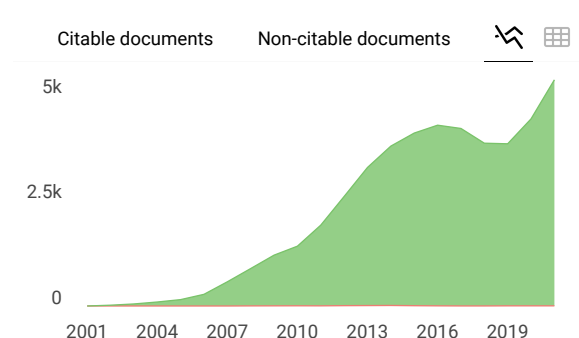

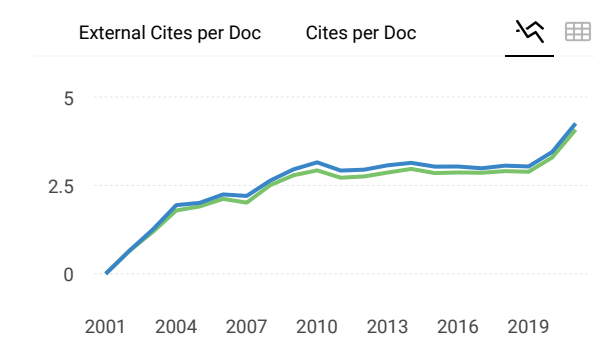

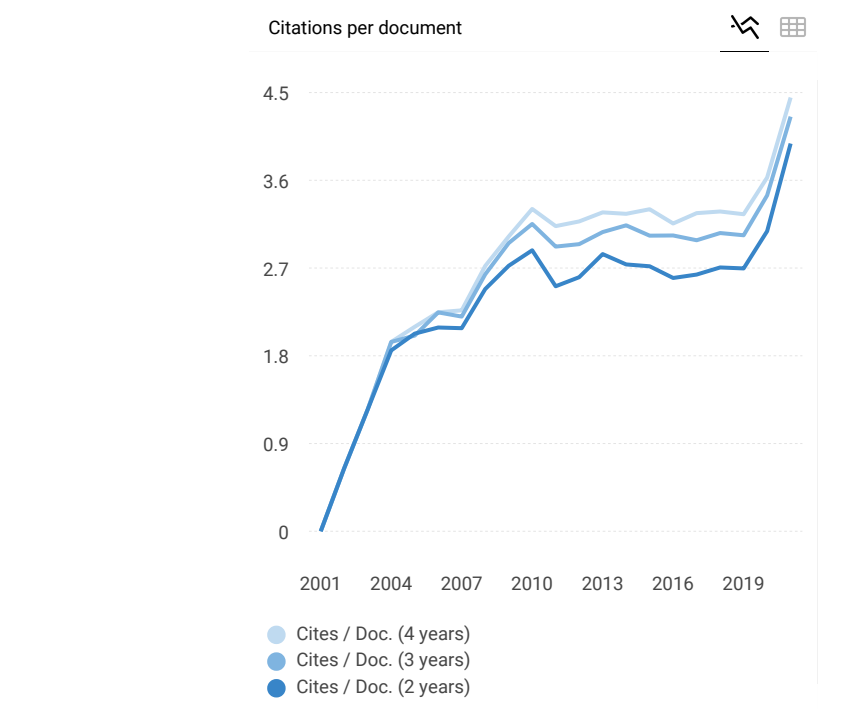

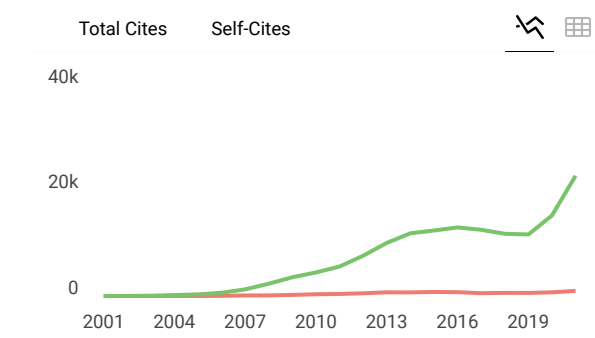

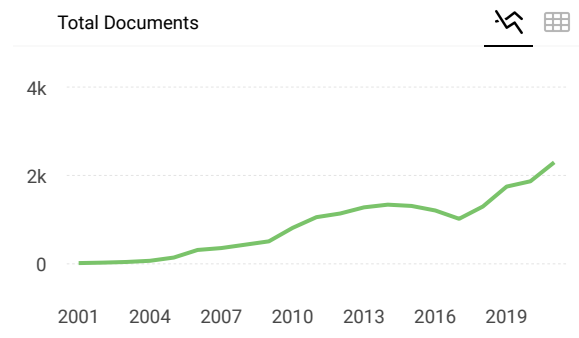

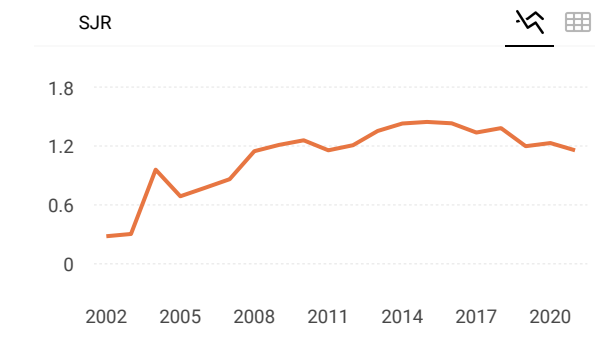

BMC Public Health is an open access, peer-reviewed journal that considers articles on the epidemiology of disease and the understanding of all aspects of public health. The journal has a special focus on the social determinants of health, the environmental, behavioral, and occupational correlates of health and disease, and the impact of health policies, practices and interventions on the community.

reply

M Muhammad Adnan Qureshi 3 years ago

Hi there,

I am doing PhD in Public health and for this, I have to publish my two research papers.

I am quite new for this task and a bit unfortunate to not to have much supervisory support. Can I know how to crack down to know all the requirements of writing to publishing a research paper?

Regards
