Dear Author,
We are sending your paper D-1402 for proofreading in pdf format. Please correct the proof carefully. You may give special attention to authors' names and affiliations, and to see that all the Tables, Figures and References are properly quoted in the text. Please make the proofreading by "sticky notes" or any other editing tool directly in the pdf file only. Please do not replace any Figure or Table or add an extra one. Also, do not add extra author as it is considered as "gift authorship", which should not be encouraged as suggested by indexing agencies. The final layout of the paper shall be made only after proof corrections. Please send the corrected proof immediately to avoid the delay in the release of the journal.
