## **PREFACE**

This thesis is composed to describe about the use of tongue twister to improve pronunciation. Pronunciation is one of the most difficult components in English which must be solved with some ways. In this case, the researcher use tongue twister as technique in teaching learning process.

The objective of this research referring to the research problem is to know whether tongue twister can improve pronunciation of the eleventh grade students of SMA Muhammadiyah 3 Jember in the 2015/2016 academic year. Chapter I discusses about introduction, chapter II is about theoretical review on related literature and action hypothesis. Research method is discussed in chapter III, chapter IV discusses about the result of the research, discussion is presented in chapter V, and chapter VI is about conclusion and suggestion.

The researcher realizes that the thesis is far from being perfect, suggestions and criticism are needed. Finally, it is expected that the result of the research will be valuable for the English teacher, the students, and the future researchers.
