## PREFACE

In the name of Allah, the most merciful is all-loving. All praise to God, the Lord of the universe for giving me the opportunity and strength to complete this thesis.

My thesis focuses on the correlation between speaking anxiety and speaking proficiency. This thesis is written to expect to be useful for Indonesian EFL Students to find out whether there is a correlation between speaking anxiety and speaking proficiency. In addition, hopefully the result of this study would anticipate the readers of speaking' obstacles, motivate them to enhance their speaking.
