MOTTO

Research is formalized curiosity. It is poking and prying with a purpose.

Scientific research involves going beyond the well - trodden and well – tested ideas and theories that form the core of scientific knowledge.

Scientific research is one of the most exciting and rewarding of occupations

(Frederick Sanger)

PREFACE

This is one of the important parts that cannot be separated from the students of University. It is a requirement for Sarjana degree. Therefore it has become a compulsory subject for the students.

The title of this thesis is “Improving the Eight Grade Students’ Skill in Writing Recount Text By Writing a Personal Letter in SMPN 01 Ajung at 2015/2016 Academic Year”. The result of this research can be used for the readers, especially for the English teachers as a reference of teaching and learning process of English.

Hopefully all the readers and commentators give criticisms and suggestions for further perfection of the writing process. In the end, the author hopes that this thesis will be useful and able to be applied for every school for the sake of better writing skill.
