PREFACE

Alhamdulillah thanks to Allah SWT the writer can finish this thesis.

Everything that has been attempted may be useful for both writers and readers.

This thesis is entitled “Improving Young Learners' Vocabulary Through Total Physical Response With Song” and contains chapters I through chapter VI. Chapter I contains the introduction, chapter II contains the literature review & action hypothesis, chapter III contains the research methods, chapter IV contains the results of the research, chapter five contains the discussion, and chapter VI contains the conclusions.

For the shortcomings that occur in the writing of this thesis, the authors accept criticism and suggestions in order to improve this thesis. Hopefully it can be a joint correction material for further improvements.
