## PREFACE

First of all, thanks to Allah SWT for the blessing and the power to finish my thesis entitled “The Ninth Grade Students’ Perception in Learning English Vocabularies through Watching “Coco” Movie with Subtitle”

This thesis focuses on students’ perception in learning English vocabularies through movie. It was written to make the readers know the students perception in learning English through a media like COCO movie because movie can be an entertaining media and source for students to improve their language skills and to make the learning process easier. Hopefully this thesis could be a reference to improve teaching and learning activity.

I realize that this thesis is has a weakness and far from perfectness, so correction and sugesstion is hoped.
