## MOTTO

“

*Finish what you started.*

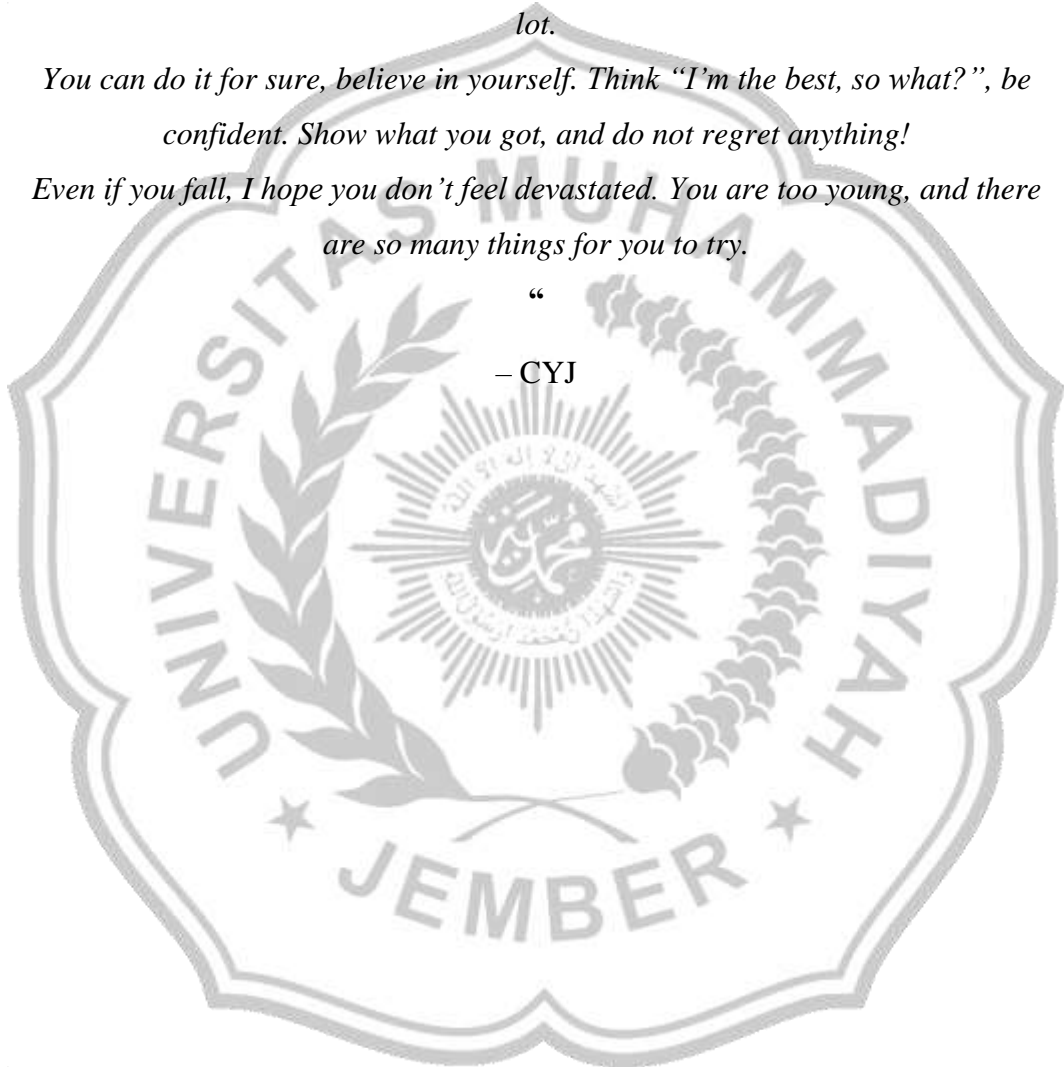

*Instead of saying “this is so hard”, “this is so scary” or “I want to give up” why don’t you say that you can do it? Just reminding yourself of it would help you a lot.*

*You can do it for sure, believe in yourself. Think “I’m the best, so what?”, be confident. Show what you got, and do not regret anything!*

*Even if you fall, I hope you don’t feel devastated. You are too young, and there are so many things for you to try.*

“

## PREFACE

Thanks to Allah for all His blessings and loves, He gave me power to finish my thesis My thesis focuses on reading comprehension. This thesis is written to make the reader understand about the effect of Narrow Reading on Students` Reading Comprehension. Reading is a common problem that there must be ways and solutions to use other treatments to help students' comprehension in reading through available teaching methods, in this case the researcher used Narrow Reading (NR).

Besides, one of the reasons to conduct this research is intend to know "To investigate whether or not there is a significant effect of applying narrow reading on students` reading comprehension at the eleventh grade of SMA Muhammadiyah 3 Jember

This is expected to provide information or significant effects of narrow reading on students' reading comprehension skills. This thesis will also become consideration for the Engi teachers to use narrow reading in the teaching and learning process at the school. The researcher realizes that this thesis has weakness and the correction is hoped.
