HALAMAN PENGESAHAN ......................................................................................... ii
ABSTRAK .................................................................................................................. iii
ABSTRAK .................................................................................................................... iv
KATA PENGANTAR ....................................................................................................... v
DAFTAR ISI ................................................................................................................ vi
DAFTAR TABEL ............................................................................................................ vii
DAFTAR GAMBAR ........................................................................................................ viii
DAFTAR LAMPIRAN ..................................................................................................... ix

I. PENDAHULUAN ........................................................................................................ 1
   1.1 Latar Belakang ....................................................................................................... 1
   1.2 Rumusan Masalah .................................................................................................. 12
   1.3 Tujuan Penelitian .................................................................................................. 13
   1.4 Manfaat Penelitian ................................................................................................ 13

II. TINJAUAN PUSTAKA ............................................................................................. 14
   2.1 Padi ....................................................................................................................... 14
   2.2 Konsep Usahatani .................................................................................................. 18
   2.3 Landasan Teori ........................................................................................................ 19
      2.3.1 Teori Fungsi Produksi .................................................................................... 19
      2.3.2 Teori Produktivitas ......................................................................................... 30
      2.3.3 Teori Biaya ...................................................................................................... 31
      2.3.4 Teori Keuntungan ........................................................................................... 34
      2.3.5 Penelitian Terdahulu ..................................................................................... 36

III. KERANGKA KONSEP PEMIKIRAN ..................................................................... 38
    3.1 Kerangka Pemikiran ............................................................................................. 38
    3.2 Hipotesis ............................................................................................................... 45

IV. METODOLOGI PENELITIAN .............................................................................. 46
    4.1 Metode Penelitian ............................................................................................... 46
4.2 Daerah Penelitian ................................................................. 47
4.3 Metode Pengambilan Sampel .................................................. 47
4.4 Metode Pengumpulan Data ...................................................... 48
4.5 Metode Analisis Data .............................................................. 49
4.6 Definisi dan Pengukuran Variabel ............................................ 53

V. GAMBARAN UMUM DAERAH PENELITIAN ...................... 56
   5.1 Keadaan Wilayah ............................................................... 56
      5.1.1 Letak dan Batas Wilayah ............................................. 56
      5.1.2 Luas dan Bentuk Dataran ............................................. 56
   5.2 Kondisi Sosial Ekonomi Penduduk ....................................... 57
      5.2.1 Penduduk .................................................................... 57
      5.2.2 Keadaan Mata Pencaharian Penduduk ......................... 59
      5.2.3 Tingkat Pendidikan ..................................................... 60
      5.2.4 Kondisi Pertanian ....................................................... 61
   5.3 Keadaan Pertanian .............................................................. 62

VI. HASIL DAN PEMBAHASAN .................................................. 64
   6.1 Profil Petani Padi ............................................................... 65
   6.2 Analisis Produktivitas .......................................................... 66
   6.3 Analisis Faktor-faktor yang Berpengaruh Terhadap Produksi .... 68
   6.4 Analisis Biaya ................................................................. 73
   6.5 Analisis Keuntungan ......................................................... 75

VII. KESIMPULAN DAN SARAN ............................................... 78
    7.1 Kesimpulan ................................................................. 78
    7.2 Saran ............................................................................. 79

DAFTAR PUSTAKA .................................................................... 80

RINGKASAN ............................................................................. 81

LAMPIRAN ............................................................................... 82
