PREFEACE

Thanks for Allah SWT for all his blessings and loves. He gave me power to finish my thesis. My thesis focuses on reading comprehension. This thesis is written to make the readers understand about the use of graphic organizer strategy to increase reading comprehension.

Besides, one of the reasons to conduct this research is intended to know “any significant difference in reading comprehension between of students who are taught with a graphic organizer strategy and those who are taught with student worksheets at SMA Pancasila Ambulu”.

It will hopefully give the information of using graphic organizer strategy instruction more effectively for the students. This thesis will also become consideration for the English teachers to use graphic organizer strategy and learning process at the school. The researchers realizes that this thesis has weakness, and the correction is hoped.
