PREFACE

Thanks to Allah for all the blessings, love, and powers that enabled me to finish my thesis. My thesis focuses on speaking ability. This thesis is written to help readers understand The Effectiveness of Panel Discussions on Students' Speaking Skills in Senior High School. Speaking through the available teaching method, in this case, the researcher used Panel Discussion.

Besides, one of the reasons to conduct this research is to determine whether " panel discussions have any effects on students' speaking skills in senior high school."

This research has six chapters: the first chapter is an introduction, the second chapter is a review of related literature, the third chapter is a research method, the fourth chapter is the research results, the fifth chapter is a discussion, and the sixth chapter is a conclusion and suggestion.

It will hopefully give information on the effectiveness of Panel Discussions on students' speaking skills. This thesis will also become consideration for the English teacher to use Panel Discussion in teaching and learning process at school. The researcher realizes that this thesis has weaknesses, and the correction is hoped.
