PREFEACE

Thanks to Allah SWT for all his blessing and love. He gave me power to finish my thesis. My thesis focuses on writing skills. This thesis is written to make the readers understand about the analysis of students' difficulties in writing functional text. Besides, one of the reasons for conducting this research was to find out "Students' Difficulties in Writing Functional Text".

This research has six chapters: the first chapter is an introduction, the second chapter is a review of related literature, the third chapter is a research method, the fourth chapter is the research results, the fifth chapter is a discussion, and the sixth chapter is a conclusion and suggestion.

It will hopefully give information on the students' difficulties in writing functional text. The researcher realizes that this thesis has weaknesses, and the correction is hoped.
