PREFACE

In the Name of Allah, the most beneficent and the most merciful. All the praises to Allah, the Lord of the universe for giving me a chance and power to finish this thesis. This thesis is written to make the readers understand about Higher Education Students' Reflection on Self-Directed Learning During the Online Reading Comprehension.

Besides, one of the reasons for conducting this research is to know what are students reflect on self-directed learning during the online reading comprehension.

It will hopefully give information on self-directed learning during the online reading comprehension. This thesis will also be a consideration for students who have problems during the online reading. The researcher realizes that this thesis has weaknesses and the correction is hoped.
