PREFACE

Thanks to Allah for all blessings and loves. He gave power to finish my thesis.

My thesis focuses on vocabulary mastery. This thesis is written to make the readers understand about the use of Student Team Achievement Division (STAD) to increase vocabulary mastery. Vocabulary is common problem which must be some ways and solutions to improve the students' vocabulary mastery through the available teaching method, in this case the researcher used Student Team Achievement Division (STAD).

Therefore the reason to conduct this research is intend to know “ Improving Students Vocabulary Mastery Through Student Team Achievement Division” of the eighth grade students' at SMPN 4 Tanggul in academic year 2018 / 2019.

It will hopefully give the information of using task based instruction to improve the students' vocabulary mastery. This thesis will also become consideration for the English teachers to use STAD in teaching and learning process at the school. I realize that this thesis has weakness and the correction is hoped.
