PREFACE

Thanks to Allah for all his blessings and love. Allah gave me the power to finish my thesis. My thesis focuses on speaking skills. Peace and blessings be upon Prophet Muhammad SAW, his family, companions, and all his followers until the end of time. This thesis is written to make the readers understand the use of TED Talks to increase speaking skills. Speaking is a common problem that must be some ways and a solution to improve the learners' speaking through the available teaching method, in this case, the researcher used TED Talks as media.

Besides, one of the reasons to conduct this research is to know “the effect of listening exercises using TED Talks on learners' speaking skills in English language learning at SMAN 1 Panji.”

I will hopefully give information on using TED Talks to improve the learners' speaking skills. This thesis is also a consideration for English teachers to use TED Talks in the teaching and learning process at the school. The researcher realizes that this thesis has weaknesses and correction is hoped for.

DEDICATION

My thesis is honorably dedicated to:

1. My lovely mother, Latifa, S.P., who gave me all her love and support. who has always been the first teacher and a good mother since childhood, who always teaches good things and does not depend on others. She became the author's spirit in doing this final project well because of her enthusiasm to support and fulfill the needs of her children. There may not be the right sentence or word that can describe her love.
2. My beloved Father, Sidartha Adi Poetra, the author's father, who passed away to God Almighty while the author was working on his final project. Before passing away, he was a hardworking father, did the best for his children and also became the best support system to make the author the best version of him. Not only for the author, he also became a role model and the best head of the family for his small family until the end of his life. In fact, there are many things that the author's father did to describe what he had given and felt, but it is difficult to explain in words or a sentence.
3. My little brother, Ryahan Sifa Syahpoetra, is the younger brother of the author and is also enthusiastic about this final project. The author thanks him for being a good brother and taking care of the author's father and mother while undergoing the world of lectures until now. He is also one of the reasons for the author's enthusiasm about the final project.
4. Jamal's Family and Adi's Family, who have been the biggest support in gaining knowledge in the world of lectures until the end.

5. Myself, someone who is be the backbone of the family and an inspiration for his brother who has chosen to fight his laziness to work on this final project with enthusiasm, and cheerfulness, even though many tears need to be sacrificed to achieve good goals. Thank you for being enthusiastic in gaining knowledge until the end, always remembering your priorities, your own goals to take a step forward and become a better person, useful and proud of your parents and family.
6. The author's pet cats, Mimi, Jen, and Mogu. Thank you for entertaining the author when returning home and relieving fatigue when studying. With funny things given to the author.
7. My Best friends, Nakita Putti Hatti Suryono, S.A. B, and then Hanifah Raudhatul Jannah, S.Gz. Thank you for accepting the author from joy and sorrow long ago. You always support the author in doing everything and become a good discussion place for the author.
8. For the author's idols, Mark Lee, NCT DREAM, NCT 127, and WAYV, thank you for entertaining the author in joy and sorrow.
