PREFACE

Thanks to Allah for all His blessings and loves. He gave me power to finish my thesis.

My thesis focuses on students' writing descriptive text ability. This thesis is written to make the reader understand about students' writing descriptive text ability in describing about something by using cue cards media. Beside that, it aims to know the significant effect of using cue cards media on the students' writing descriptive text ability.

Besides, one of the reasons to conduct this research is to know whether "there is a significant effect on students writing descriptive text ability at MTs Al-Qodiri 1 Jember in 2018/2019 academic year between the students are taught by using cue card and those who are not using cue card?"

It will hopefully give the information about the effect of using cue cards on the students' writing descriptive text ability. This thesis will also become consideration for the English teacher to use cue card media in the teaching and learning process at the school. The researcher realizes that this thesis has weakness and the corection is hoped.
