PREFACE

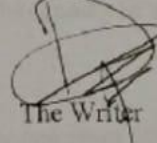

Thank to Allah for all His blessings and loves. He gives me power to finish my thesis.

My thesis focuses on grammar mastery. This thesis is written to make readers understand about the effect of using charade games on students' grammar mastery.

Besides, one of the reasons to conduct this research is intend to know "Is there any significant effect on students' grammar mastery between the students who are taught by using Charade Games and Grammar Translation Method of the eighth grade students of SMP Muhammadiyah 09 Ambulu-Jember in the academic year 2019/2020?"

It will hopefully give the information of the effect of using Charades Game on students' vocabulary mastery. This thesis will also become consideration for the English teacher to use Charades Game in the teaching and learning process at the school. The researcher realizes that this thesis has weakness and the correction is hoped.
