Handayani, Tri.2019. *Wahdah Method in Memorizing Al-Qur'an Student in Islamic Boarding School at Syafi'ur Rohman Jember*. Thesis, Departement of Islamic Education Faculty of Islamic Studies, University of Muhammadiyah Jember Supervisor : (1) Siti Nursyamsiyah, SS, M.Pd (2) Dr. Ainur Rha'in M.Th.I

**Keywords :** Wahdah Method, Memorizing the Qur'an

The Wahdah Method is one way to memorize the Qur'an one by one from the verses that it wants to memorize at least 10 times to 20 times so that it forms a pattern in the shadows. As for the formulation of the problem, how is the Wahdah Method in Memorizing the Al-Qur'an of the Students at the Syafiur Rohman Student Boarding School in Jember? This study aims to determine the Wahdah Method in Memorizing the Qur'an of the Students at the Islamic Boarding School of Syafiur Rohman Jember.

This research is a descriptive qualitative research that is located in the Islamic Boarding School of Syafiur Rohman Jember with data collection procedures using observation, interviews with a total of 6 informants, and documentary studies. The technical analysis includes data reduction, data presentation, and data verification.

The results obtained from this study that students are divided into three classes, namely mufadholah, mutawasithoh and mubsithoh classes, the time to submit memorization on mahgrib to evening, besides that, to support student memorization in addition to muraja'ah every day, pesantren have programs including tasmian or memorization listening to each other between friends, or asatidz listening to memorization of students, and also ihtibar or exams which is conducted every year.

The conclusion of this study is that the application of the Wahdah method applied at the Syafiur Rohman Jember Islamic Boarding School students memorized the Al Qur'an by repeating verses that were intended to be memorized at least 10-20 times to memorize the verses and then they submit it to the asatidz who is conducting every class.
