

The screenshot shows a mobile application interface for a plagiarism checker. At the top, a purple header displays the document name 'Pak Budi edit.docx' and a close button. Below the header, a white box indicates a '10%' risk of plagiarism, categorized as 'SEDANG' (Medium). A table below this shows specific metrics: 'Parafrase' at 1%, 'Kutipan salah' at 0%, and 'Konsentrasi' with three stars. A light blue section contains a 'Bagikan' (Share) button and a list of services: 'Dalam' (In) for \$1.00, 'BARU Artikel ilmiah' (New Scientific Article) for \$1.50, 'Mengoreksi' (Correct), 'Hapus plagiarisme' (Remove plagiarism), and 'Pemeriksaan tata letak' (Layout check). At the bottom, a green button offers to 'Lihat laporan' (View report) for \$1.50.

Category	Value
Risiko dari plagiarisme	10% SEDANG
Parafrase	1%
Kutipan salah	0%
Konsentrasi	☆☆☆

Service	Price
Dalam	\$ 1.00
BARU Artikel ilmiah	\$ 1.50
Mengoreksi	>
Hapus plagiarisme	>
Pemeriksaan tata letak	>
Lihat laporan	\$ 1.50
