Judul : Implementasi Uji Kir Angkutan Umum di Kabupaten Jember
(Studi Pada Dinas Perhubungan Kabupaten Jember Pada Tahun 2018)

Penelitian ini bertujuan untuk Mendeskripsikan pelaksanaan atau Implementasi Uji Kir Angkutan Umum di Kabupaten Jember sesuai dengan Peraturan peraturan Bupati Jember No 39 tahun 2016 tentang kedudukan, susunan, organisasi, tugas dan fungsi tata kerja Dinas Perhubungan Kabupaten Jember dan SK Nomor : 551/623/322/2017 tentang penetapan Visi, Misi, dan Motto UPT.Pengujian Kendaraan Bermotor Dinas Perhubungan Kabupaten Jember, Metode penelitian menggunakan pendekatan kualitatif. Dalam penelitian ini teknik penentuan sampel yang digunakan ialah Purposive Sampling yaitu sampel diambil berdasarkan prioritas dan pertimbangan-pertimbangan tertentu. Teknik pengumpulan data melalui wawancara, observasi, dan dokumentasi. Data yang digunakan adalah data primer dan data sekunder. Dalam penelitian ini peneliti mengacu pada teori berdasarkan pendapat Edwads III (1980:10) bahwa implementasi yang meliputi faktor komunikasi, sumber daya, disposisi dan struktur birokrasi. Dari hasil penelitian atau temuan data baik data primer maupun data sekunder, maka dapat dinyatakan bahwa Implementasi Uji Kir Angkutan Umum di Kabupaten Jember sudah berjalan dengan baik dan maksimal, dan kendala yang sering terjadi di sebabkan kurangnya pemahaman masyarakat terhadap persyaratan administrasi khususnya masyarakat yang baru pertama kali melakukan proses pengujian kendaraan di UPT.Pengujian Kendaraan Bermotor Kabupaten Jember.

Title :Implementation of Public Transport Test in Jember Regency
(Study of the Transportation Department of Jember Regency in
2018)

This study aims to describe the implementation or implementation of public transport test in KabupatenJember in accordance with Regulations of Regent Jember No. 39 of 2016 concerning the position, composition, organization, duties and functions of work procedures of the Jember District Transportation Office and SK Number: 551/623/322 / 2017 concerning the establishment of Vision, Mission, and Motto of UPT. Testing of Motorized Vehicles of the Transportation Department of Jember Regency, The research method uses a leather approach. In this study the sampling technique used was Purposive Sampling, which is a sample taken based on priorities and certain considerations. The technique of collecting data through interviews, observation, and documentation. The data used are primary data and secondary data.In this study researchers refer to the theory based on the opinion of Edwads III (1980: 10) that the implementation includes factors of communication, resources, disposition and bureaucratic structure. From the results of research or findings of data both primary data and secondary data, it can be stated that the Implementation of Public Transport Test in Jember Regency has been running well and maximally, and the obstacles that often occur are caused by a lack of public understanding of administrative requirements especially the first new community times do the vehicle testing process at UPT. Testing of Motorized Vehicles in Jember Regency.

Keywords : Implementation, Policy, Final Test.
