PREFACE

Thanks to Allah for all his blessing and loves. He gave me power to finish my thesis.

My thesis focuses on speaking skill. This thesis is written to make the readers understand about the use of Communication Game to increase speaking skill. Speaking is common problem which must be some ways and solution to improve the students' speaking skill of available teaching method. In this case the researcher used Communication Game.

Besides, one of the reasons to conduct this research is intending to know "How can the implementation communication game improve students speaking skill at eight grade SMP Plus Al-Mubarak Kalisat Jember in the 2018/2019 Academic Year?"

It will hopefully give the information of using communication game to improve the students' speaking skill. This thesis will also become consideration for the English teacher to use Communication Game in the teaching and learning process at the school. The researcher realizes that this thesis has weakness and the correction is hoped.
