Reviewers' Comments to Author:

Reviewer: 1

Comments to the Author

This research is a common research with a very limited novelty and contribution to both practice and the theory.

Reviewer: 2

Comments to the Author

1. Have to send for proofread of English
2. the problem statement is not clear
3. the objectives too diversified
4. the methodology and data collection are poor to develop and explain in this study. In the abstract the objectives are not clear.
