PREFACE

First, thanks to Allah SWT for everything which is given to me, so I can finish my thesis with the title : The Effect Using Comic Strips on the Eighth Grade Students' Writing Ability at MTs Wahi Hasyim Balung in the 2017/2018 Academic Year.

This thesis focuses in writing ability. The researcher chose this title to make the readers understand about comic strips as media in English class especially in writing. Writing is very important skill in English class, because it is a form of written communication. It is common problem which must be some ways and solutions to solve this problem, in this case the researcher used Comic Strips to find out whether there is significance different between students who taught by using Comic Strips and those who are not.

The reseacher hopes that this thesis will give useful contribution to the school where the research conducted and also the other school, especially for developing in teaching learning process especially in writing.
