PREFACE

All praise to Allah SWT, I would like to say thanks to Allah SWT because of His mercy and blessing, the thesis entitled Improving The Vocabulary Mastery by Semantic Mapping Technique of Eighth Grade at Junior High School Plus Darul Hikmah Jenggawah in The Academic Year 2017/2018 can be composed orderly.

To do research is the highest level of thinking of human mind at the level of university. It is an integral part of study which cannot be separated from academic activities. The result, later on, is written systematically in the form of a report which is called thesis. Therefore, to write a thesis is a compulsory for all university students in order to get *Sarjana* title or first degree.

The thesis is so far away from perfection, criticism and suggestion are welcomed to make it better. I hope this thesis will be useful for the English teacher, the students and the future researcher.
