PREFACE

Thanks to Allah for all His blessings and loves. He gave me power to finish my thesis.

My thesis focuses on vocabulary. This thesis is written to make the readers know about the effect of using Paper Airplane Game for seventh grade students vocabulary mastery. In fact, many students still cannot speak English because of lack vocabulary. In order to face this common problem, I want to know the students vocabulary mastery to the available teaching strategy, in this case I used Paper Airplane Game.

Besides, one of the reasons to conduct this research is to know the effect of using Paper Airplane Game on vocabulary mastery of seventh grade students at MTs Nurul Hikmah Bintoro in the 2018/2019 academic year.

As this thesis is far from being perfect, suggestions and criticism are needed. Finally, it is expected that the result of the study will be valuable for the English teacher, the students, and the future researchers.
