PREFACE

Thanks to Allah for all His blessings and loves. He gave me power to finish my thesis.

My thesis focuses on writing skill. This thesis is written to make the readers know about the effect of using Web Quest Application on first grade students' writing ability. In fact, many students find writing as one of the most difficult skills in English. In order to face this common problem, I want to know the students' writing skill through the available teaching strategy, in this case I used Web Quest Application.

Besides, one of the reasons to conduct this research is to know the effect of using Web Quest application on first grade students' writing ability at SMP Negeri 1 Ambulu in 2017 / 2018 academic year?".

As this thesis is far from being perfect, suggestions and criticism are needed. Finally, it is expected that the result of the study will be valuable for the English teacher, the students, and the future researchers.
