PREFACE

Thanks to Allah SWT, because of His mercy and blessing, He gave me power to finish my thesis.

This thesis is focuses on speaking ability. It is written to make the readers understand about the use of talk fast game to increase speaking ability. Speaking is the common problem which must be some ways and solutions to improve the students' speaking through the available teaching method, in this case the researcher used talk fast game.

Besides, one of the reasons to conduct this research is intend to know “how can the use of talk fast game improve the eighth grade students' speaking ability at MTs Nurul Hikmah Bintoro in the academic year 2017/2018?”

It will hopefully give the information of using talk fast game to improve the students' speaking ability. This thesis will also hopefully become useful for the English teacher, the students and the future researcher. The researcher realizes that this thesis has weakness and the correction is hoped.
