PREFACE

Thank God for all His blessing and guidance. He gave me power so I can finish my thesis with the title “Improving Students Writing Skill in Descriptive Text by using Quantum Learning Strategy of grade VIII C of SMP Muhammadiyah 1 Jember in 2017/2018 academic year.

My thesis focuses on writing skill. This thesis is to make the reader understand the use of Quantum Learning Strategy in improving students’ writing skill especially in Descriptive Text.

Writing is one the difficult and complex skill. So, the students are not motivated and feel bored in learning writing. The writer thinks that Quantum Learning Strategy is one of the suitable strategy to overcome those problem.

The teacher should use varieouse of strategies in teaching learning proceses. Therefore, students will be motivate and get bored. It will hopefully, give the information of using Quantum Learning Strategy to the teacher in teaching writing in the classroom.

The writer realizes that this thesis has weakness, criticism and suggestion are welcomed to make it better. Hopefully this thesis will be useful to all civets academic, whether to Muhammadiyah University students and other students to conduct further research.

Jember, July 2018

The Writer
