PREFACE

Thank to Allah for all his blessing and lovers. He gave me power to finish my thesis.

My thesis focuses on reading ability. This Thesis is written to make the readers understand about use Video to increase reading ability. Reading is the common problem that should have some solution to improve students' reading through the available teaching strategy, in this case the researcher used video.

Besides, one of the reason to conduct this research is intended to know how the use of video can improve students' reading skill of the tenth grade students at SMAN 1 Asembagus in the 2017/2018 academic year.

It will hopefully give the information of using video to improve the students' reading ability. This thesis will also become consideration for the English teacher to use video in the teaching and learning process at the school. The researcher realizes that this thesis has weakness and the correction is hoped.
