PREFACE

Thanks to Allah SWT for all His blessing, love, and guidance, and also thanks to Muhammad SAW as the Prophet of Islam, the writer can finish the thesis entitled improving students' writing ability using writing diary on time.

This thesis focuses on writing ability which is written to make the readers understand about improving students' writing ability using writing diary. Writing is one of important things in English Proficiency. Students are expected to master English in accordance with the purpose of learning. In fact, not all students can master or use English properly. In this case the researcher used writing diary to find out how writing diary can improve the writing ability of the students at SMK Muhammadiyah 5 Cakru Jember in the 2018/2019 academic year..

Hopefully, this thesis can be useful and become one of the considerations in teaching learning process, especially in teaching writing. As a human who used to make some mistakes, this thesis is not perfect yet, therefore, criticism and suggestions are welcomed in order to make this thesis better.
