## **PREFACE**

Thanks to Allah SWT with all the blessings and loves, He gave me strength and I am very grateful for all the conveniences He has given me so that I am encouraged to complete my thesis. My thesis is entitled "A Descriptive Study on Students' Difficulties in Learning Vocabulary on the Eleventh Grade at Madrasah Aliyah Negeri 2 Jember". The focus of this thesis discusses what things that become the difficulties of the students in learning vocabulary and how do the students can solve these difficulties. Vocabulary is very important for students especially for L2 learners. By mastering the number and types of vocabulary, students can understand the content or context of English language. In addition, students can also improve their English language skills such as reading, writing, speaking and listening.

It is hoped that this thesis can provide information to readers about the students' difficulties in learning vocabulary, so that in future studies other difficulties can be found. The researcher realizes that this thesis is still imperfect, suggestions and constructive corrections are expected from the readers.
