PREFACE

Thanks to Allah for all His blessing and loves. He gave me power to finish my thesis.

My thesis focus on grammar mastery and reading comprehension. This thesis is written to make the reader understand about what is the correlation about grammar mastery and reading comprehension at MAN 2 Jember. Grammar mastery and reading comprehension are two things that can not be separated, because knowing grammar will make the students easier to understand word, clauses, and phrases.

Besides, one the reasons to conduct this research is intend to know "what is the correlation between grammar mastery and reading comprehension at tenth grade of MAN 2 Jember in academic year 2020/2021".

It will hopefully give the information about the correlation between grammar mastery and reading comprehension. The result of this thesis also can give suggestion to the teacher to be aware of the important teaching grammar to help students in understanding reading text. The researcher realizes that this thesis has weakness and the correction is hoped.
