PREFACE

Thanks to Allah for all His blessings and love. He gave me power to finish my thesis.

This thesis is composed to make the readers understand about the use of Practice –Rehearsal Pairs to improve the speaking ability. In fact, many students find speaking as one of the most difficult skills in English. In order to face this common problem, the researcher wants to improve the students' speaking ability through Practice Rehearsal Pairs.

The objective of this research referring to the research problem is to find out how the use of Practice –Rehearsal Pairs can improve the speaking ability of the eleventh grade students at SMA Muhammadiyah 3 Jember in 2015/2016 academic year.

As this thesis is far from being perfect especially the content of chapter one until six, suggestions and criticism are needed. Finally, it is expected that the results of the study will be valuable for the English teachers, the students, and the future researchers.
